# FAQ

## How many people can I invite?

We have different capacity limitations depending on how the space is laid out. Please see below:

- **Standard set up:** Max capacity 50 adults / children. We have a large party table for up to 25 children and 18 seats for adults at tables / worktops. With some adults standing and looking after children in the play area, 50 people over all is comfortable.
- With the extra room on the ground floor used for an entertainer, disco, play area, etc - or to just spread people out, we can accommodate up to 70 people.
- With two extra rooms (including one upstairs) we can accommodate up to 100 attendees.

**Please come in for a viewing if you are unsure of the capacity**

## Can I arrive early to set up?

On the day, you are welcome to arrive a bit earlier if you need to set up decorations. **Please arrive no earlier than 30 minutes** before your allocated slot as there might not be a member of staff present to let you in. Please note, our staff will be busy setting up (and possibly preparing food) so may not be fully at your disposal to help.

## Can I play my own music?

We have Sonos speakers in the main party space. If you have Sonos on your device, then you can connect and play directly from your device. This is by far the easiest way to set things up. Or you can share a Spotify playlist to the WRAP device. We also have a large bluetooth speaker that can be used if preferred. There will already be music playing when you arrive but if you would like to play your own music please let a member of staff know and they will help you out.
